YEAR 2

DAILY MATHS

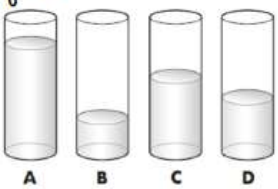
09/06/2020

FIVE FLUENT FACTS

2 X 8 = 16	80 ÷ 10 = 8	12 ÷ 2 = 6	4 X 5 = 20	20 ÷ 5 = 4

PROCEDURAL PRACTICE

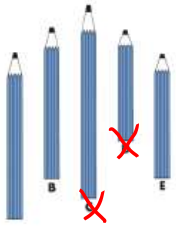
1) Order the glasses from least full to most full.



B D C A

least full most full

2) Order the pencils from longest to shortest.



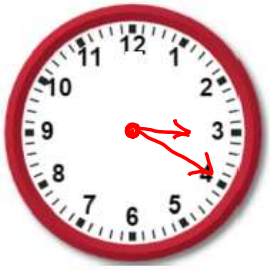
longest shortest

C A B E D

3) What time is shown on the clock?

5 minutes to 4 or 3:55

4) Draw the hands on the clock to show 20 past 3.



5) Draw the hands on the clock to show 5 to 7.

6) Look carefully at the time on the clock. What time will it be 2 hours later?

Half past 3

BRAIN TEASER

A plane lands ever 1 minute. How many planes land in 1 hour?

Explain your reasoning.

SHOW YOUR WORKING...

60 planes land because there are 60 minutes in one hour.
