Young Geographer of the Year 2020!	<p>This year's Young Geographer of the Year competition gives young people the chance to explore the potential that geography holds. Although we might all be confined to our homes, and doing #geographyathome, we are asking young people to explore their wider geographical horizons by providing entries to our Young Geographer of the Year competition and explore the geography of: 'The world beyond my window'</p> <p>We are interested in entries that explore the human and physical geography of places that exist beyond a young person's window, be it locally or further afield. We want to know how young people's lives are connected to and influenced by these places - be the connections physical, digital or emotional. We also want to understand how geographical processes in the physical and human worlds have created these places and might be changing them.</p> <p>The deadline for receipt of all entries is Tuesday 30 June 2020 at 5.00pm.</p> <p>Find out more information about what you need to do to enter here: https://www.rgs.org/schools/competitions/young-geographer-of-the-year/2020-competition/</p>
