

St. Michael's Sports Premium Impact 2022 - 23

In the 2022/23 academic year, we received £17,070. The money was spent to fulfil the following grant conditions:

1. The engagement of all pupils in regular physical activity.
2. The profile of PE and sport raised across the school as a tool for whole school improvement.
3. Increased confidence, knowledge and skills of all staff in teaching PE and sport.
4. Broader experience of a range of sports and activities offered to all pupils.
5. Increasing participation in competitive sport.

Competition SLA from Go Well	To provide opportunities for all pupils to access competitive sport. Every child attended a competition or festival and competed against other children from local schools. Competitions included: girl's football, basketball, cross country and many more.	Children have had the opportunity to attend participate and competitive events with Go Well for a range of familiar and unfamiliar sports. We have also used the knowledge gained to host intra school tournaments linking to key sporting events. This has resulted in the children feeling more confident in competitive situations and wanting to be part of a team. Where children have participated in events for 'participation' children have had fun and enjoyed the experience. This has resulted in more engagement in PE lessons, as well as lunch time clubs.	Further intra-school competitions can be hosted to increase opportunities for competitive sport. We will continue to provide competitive opportunities in school. External competition SLA is still likely to be purchased to allow opportunity to develop physically and socially.	Record of attendance Pupil voice questionnaires	4, 5	£1,908.90
Transport	Buses to transport pupils to and from different competitions and events throughout the year.	This allowed every single child in the school to attend at least two participation events and one competitive event for familiar and unfamiliar sports.		Invoices Competition tracker	5	£1,850.00

Fit 4 Life Licence	To increase the amount of daily exercise, all children will participate in Fit for Life sessions throughout the week to increase their physical and mental health whilst improving personal development and cognitive function.	The Fit 4 Life licence provides staff access to the Members Area of the Go Well website. From here, Staff have been able to provide children with a range of exercises and physical activity opportunities that are timetabled into the school day. Individual and group exercise provide children with the opportunity to be physically active as part of the active 30 campaign.	The online element and training videos from purchasing the Fit 4 Life license allows for live examples to be accessed to support with confidence and demonstrations. Fit 4 Life refresher training has been completed and staff will utilise skill sets to upskill new members of staff.	Members Area Go Well Log Learning walks Pupil Voice	1, 2,3	£469.80
Sports Apprentice (Level 3)	To increase sports participation and opportunities, a sports apprentice will join the team to work alongside staff in planning and delivering sporting activities for children at playtimes, lunch time and after school. The apprentice will also work with the Sports Crew to increase children's physical activity throughout the school day.	The sports apprentice has used their specialist knowledge to support with the delivery of lunch time and after school clubs, targeting the most inactive. This has increased participation for many children and supported them in being active for 30 minutes or more whilst at school. More children have been supported and challenged during PE lessons as the sports apprentice has been available to target specific children.	Teachers have observed good practice and have been exposed to more games and activities during lessons. Teachers have then implemented this into their lessons to provide best possible outcomes for children. Children have viewed the sports apprentice as a positive role model, continuing to play games modelled during lunch and play resulting in more active play.	Reflective Meetings Weekly Club Registers Staff Professional Discussions	1, 2, 4	£6,800.00
Equipment	Equipment is needing to be purchased to ensure that an engaging curriculum can be continually delivered. Due to the amount certain equipment is used, regular updates are required. Examples include - goals for the KS2 area, soft balls, bean bags, tennis balls, bibs for competitions, running vests, medals to award achievements etc.	Has increased the children's enjoyment by having up to date equipment. More children have attended clubs so that they can experience the new equipment, especially football goals and new archery equipment. Also, we have been able to offer clubs and Intraschool competitions which we have previously been unable to offer providing a greater variety of clubs e.g. Hockey or dodgeball. Some of these decisions were made after discussions with the sports crew and the pupil parliament.	New equipment is reusable and will last a longer period of time before needing replacing.	Invoices Pupil Voice Staff Discussions Extracurricular clubs and lunchtime clubs	1, 4	£799.00

Sports Kit	Sports kit will be purchased for staff members to raise the profile of sport across the school. This will provide a positive example to all children, allow staff to safely participate in all sports and set expectations to children.	This has raised the profile of sport across the school as children are seeing that staff value wearing the appropriate kit and are setting a good example. This also means all staff are ready to participate in sport and physical activity for Fit 4 Life, at lunch, break and during PE lessons.	Staff can continue to wear this next academic year and set a good example for children to follow regarding active uniform.	Staff Questionnaire Discussions with teachers	1, 2, 3	£1657.97
Moki Health Tracker	Moki fitness trackers will allow children to take ownership of their own health data and encourage them to lead active lives. This will support the engagement and participation in regular activity for pupils.	This has allowed children to track and monitor their physical activity levels and take a more conscientious attitude towards being active during their free time. They are competing internally and trying to achieve personal bests.	Activity bands are reusable and can be given to children again next year. They also produce data that can be analysed to create cross curricular links.	Moki tracking app Pupil Voice Pupil feedback forms	1, 2, 4, 5	£1,110.00
National School Sports Week	To raise the profile of physical activity, children will participate in a range of sports throughout the week that they may not have the opportunity to outside of school. The money spent will allow children to engage with such experiences such as rock climbing etc.	Raised the profile of PESSPA in school. All children participated in sport and physical activities every day during the week, and it was enjoyed by all children. The children from the Sports Crew were involved in planning, leading and evaluating the event.	Made community links with clubs and provided opportunities for children to take part in sport and physical activity outside of school.	Pupil discussions/ Questionnaires.	2, 4	£1,350.00

Street Dance Activity Day **In substitution of street games day	Children will complete a session learning new games to encourage increased participation in physical activity outside of school. Following on from COVID, it has been a priority to encourage children to be more active in school and we want to continue to provide children with the tools to do this outside of school.	Children were provided with opportunity to participate in something that they may not have had the opportunity to. There has been a larger interest in Street Dance from children who necessarily would not have participated. The feedback showed high enjoyment from children and provided community links to local dance clubs.	Further after school and lunch time clubs to be planned to engage more children and provide them with the opportunity to complete in activities such as dance.	Pupil questionnaires Feedback from staff	1, 2, 4	£200.00
Go Well CPD Package	CPD opportunities will be provided for staff and subject lead to develop knowledge, skills and understanding for different aspects of physical education.	CPD was provided as the subject lead was new to role. This was to support for moderation purposes and when auditing PE on a whole school scale. CPD for teachers increased knowledge and understanding in the spring term of Athletics to prepare teachers for planning and assessment in the summer term.	CPD can be shared with other members of staff and experiences can be also shared. Teachers can draw upon CPD to plan and deliver progressive lessons.	Feedback Planning and assessment	3	£904.42
					Total	£17,050.09
